About The Company

Vindilac Analytics is an emerging consulting firm offering top notch professional services at affordable rates to clients. Our service offering is broken down into three segments: services for students, private and public entities. It is our vision to become the leading consulting firm in Africa and this will be achieved by leveraging on technological advances to accelerate service delivery and lower prices.

Quarterly Economic Chronicles

The Biannual Economic Chronicles (formerly known as the Quarterly Economic Chronicles) is Vindilac Analytics' economic flagship, highlighting a series of economic events taking place at the national, regional and global levels. It is highly driven by the need for economic literacy and financial journalism in the African continent.

BIANNUAL ECONOMIC CHRONICLES

2023/Q2

By providing an economic report that is clear to a non-economist, we unintentionally create an enabling environment for citizenry to make informed economic decisions. The report is published quarterly and in several South African official languages.

01
Economic outlook remains uncertain
persistent power cuts and relatively
higher costs of borrowing

02
m's Energy Availability Factor has
shown a rapid decline over the past
four years
